Commodore's Corner

At this time of year, we are all busy preparing for summer. Some of us have already caught our first King salmon of the year, others are still looking forward to our first trip away from the dock. Lots of cleaning, mechanical and electrical work needs to be done before our boats are ready for a fun and safe summer on the water.

The Power Squadron has planned a number of summer events, including weekend raft ups and social events on the docks at Auke Bay and the downtown docks so that members can meet other members and show off their boats. We are also planning a party at the Yacht Club on July 3 that will last past midnight so that people can enjoy the fireworks from our deck. Do you have other ideas? The Board is always ready to consider any other social events that our members might enjoy.

Our Thursday socials (5pm to 7pm every Thursday unless the club is rented for another event) have been well attended over the past year, and we are looking for more people who are interested in helping out with the bar duties. The socials are always fun and are a great way to wind down after work or to take a break from working on your boat. Plan to join us!

We've made noticeable improvements to the Yacht Club facility over the past two years: new siding, new windows, new deck, new lights and acoustical panels in the main hall among them. The new round tables and the new dishes and flatware make the place much more attractive for our membership events and for rentals. Now it's time to think about upgrading the kitchen, with a cooktop that will boil water, and some needed cosmetic and safety upgrades. We are looking at fundraising ideas so that we can move forward with this in the next year.

I hope your summer is fun, safe and productive. Thank you for being a member of the Juneau Yacht Club and for your participation in our events. Please feel free to call me at 321-4499 or email me at burnettjerry@rocketmail.com with any ideas, or suggestions for programs and improvements at the Juneau Yacht Club.
